Dear Parent / Caregiver

Over the past few years a process of upgrading the school hall as a focal point for school activities has been underway. The school has a proud tradition of student engagement in the Arts, exemplified by outstanding achievements at Rock Eisteddfods, school musicals, arts nights, concerts and awards events.

In recent years, the hall has undergone upgrading with adding acoustic material to the internal walls, new stage curtains, new data projector, painting of the outside of the hall and resurfacing of the stage and hall flooring.

The last component to the upgrade is to replace the current seating. It is in this regard we are seeking the assistance of the School community. The current seating is approximately 25 years old. To replace the current seating with modern, comfortable seating, that can be used for all of the above occasions, along with school parades, the estimated cost is \$80,000. A purchase of this magnitude is currently outside of the School P&C's capacity and we are seeking your assistance to enable the purchase of the seating.

We are seeking your support towards the purchase of the chairs. In partnership with the School, we are seeking assistance from the immediate school community by requesting donations towards this project. The cost for each chair is \$70.00. Should you wish to participate in this worthwhile project to provide valuable resources for the School, payment may be made by direct debit to the recognised account. Details of the nominated account are:
