 Bundaberg North State High School

Dear Parents/Guardians of Year 10 students,

On Thursday, 24th May we will be conducting a Subject Selection Information Evening for students and parents to prepare for selecting Pre-Senior Subjects in Semester 2. Our Subject Selection Information Evening is a compulsory event for all students in Year 10 at North Bundaberg State High School.

As of 2019, all students entering Year 11 will be completing their senior studies under a new QCE system. Students will no longer have the opportunity to receive an Overall Position (OP) but can choose to receive an Australian Tertiary Admissions Rank (ATAR) to use to enter university. All senior syllabuses have been re-written including several changes to names of subjects and we will be providing information about the changes at the Subject Selection Evening. To assist students in making informed decisions about their choice of Year 11 subjects we offer Year 10s the opportunity to study a number of pre-senior subjects to give them a chance to experience subjects before selecting their final choices. This Subject Selection Evening will provide information about all subjects on offer for 2019.

The Subject Selection Information Evening is divided into static displays and presentations to make the evening as interactive as possible, and to ensure that students get a complete understanding of the subjects on offer and how these will contribute to their life after high school. The information sessions that will take place will include: static information displays in the hall for all subject areas, an employment training talk (for students selecting Non-ATAR subjects) and a university pathway talk (for students selecting ATAR subjects).

On the night there will be a BBQ to partake in from 6pm – 6:45pm while you and your student view static displays and discuss subject enquiries with teachers. Please see the attached flyer for further details. Static displays will run from 6:15pm.

We look forward to seeing you on the 24th May.

Yours in Education,

Graham Quinn
Deputy Senior Schooling
North Bundaberg State High School

Future Pathways & Subject Selection Evening
